

MASKS & COVID-19

PROPER MASK USE

- **DO** wash and sanitize your hands before putting on your mask.
- **DO** secure the mask to cover your nose, mouth, and chin.
- **DO** wear masks at both indoor and outdoor gatherings to lower the risk of exposure and spread.
- **DO** ensure to wash reusable cloth masks frequently.

DO NOT place or move the mask to your neck or on your forehead. **DO NOT** touch the face covering, only touch the straps and adjustable nose piece.
